

Certificate

This is to certify that the thesis entitled “**Phytochemical and Biological Studies on certain Medicinal Plants of North East India**”, submitted by S. Saraju Devi, for degree of Doctor of Philosophy in Chemistry under Albert Einstein School of Physical Sciences, Assam University, Silchar.

This is a bonafide research work and has not been submitted previously for any other degree of this or any other University/Institution. It is further certified that the candidate has complied with all the formalities as per the requirement of Assam University. I recommended that the thesis may be placed before the examiners for consideration of award of the degree of this University.
