It will be undoubtedly a mistake on my part if I fail to acknowledge the incessant encouragement, inspiration, love and support that I have received from my parents, friends and colleagues. I express my sincere gratitude to Dr. Merina Islam, Mrs. Bahnisikha DebRoy, Mr. Joydeep Biswas and Dr. Y. Manidhan Singha for their incessant help and suggestions. Again, it would be a fault on my part if I fail to acknowledge of my wife Soma Das, and son Swapnil Das who takes great pain in course of my work without which I cannot complete my thesis. Last, but not the least, I thank almighty, whose blessings have helped me on overcoming all

the adverse problems which I have had to face during the course of completing the study.

I dedicate my thesis to my beloved son and his posteriors for enchanting a green life.
