Publications

1. **Dasgupta, N.**, Laskar, N.B., Choudhury, N.A. and Bhattacharjee, A. (2015). Carriage and Transferability Of Quinolone Resistant Determinants Harboured within Environmental Isolates of Enterobacteriaceae. *Arch of Clinical Microbiol.* 6(4): 1-5.
2. **Dasgupta N**, Dhar (Chanda) D, Kharkongor N, Chakravarty A, Bhattacharjee A. (2016). Molecular detection of *aac(6')-Ib-cr* among clinical Enterobacterial isolates conferring quinolone resistance:- A study from North east India. *J. Microbiol Infect Dis.* 6 (3): 97-102. doi: 10.5799/ahinjs.02.2016.03.0225.
3. **Dasgupta, N.**, Paul, D., Dhar (Chanda), D., Chakravarty, A. and Bhattacharjee, A. (2016). Analysis of quinolone resistance due to mutational changes in *Escherichia coli* with urinary tract infection: A study from North East India. *Inter journal of Infect Dis.* 45: 86.
4. **Dasgupta, N.**, Paul, D., Dhar (Chanda), D., Ingti, B., Bhattacharjee, D., Chakravarty, A. and Bhattacharjee, A. (2017). An insight into selection specificity of quinolone resistance determinants within Enterobacteriaceae family. *J.Global Antimicrob. Resistance.*10: 40-46.
