ACKNOWLEDGEMENTS

I am writing this acknowledgement to express my gratitude and gratefulness to all those have helped and are behind my success. To complete any research work, one needs the guidance, support and advice of various people. Also, it is impossible to do a research work of such a prestigious level alone.

It was really by virtue of god for which I am extremely thankful to the Almighty to have Prof. G.P. Pandey as my research guide. This research work would not have come into reality, if my research supervisor, Prof. (Dr.) G.P. Pandey would not inspired me to pursue research work in new media. I am really grateful to him from the deep core of my heart. I express my deep gratitude for his inspirations, encouragements and guidance, as without his advice and guidance this task would have never been accomplished. His vast experiences and deep insights into mass communication guided me to be focused and helped me immensely to keep my research study on right path. He gave his valuable guidance, suggestions and encouragement from the very beginning to the final brushing of this research work. In spite of his busy schedule he helped me tremendously with constant endeavour to complete research work.

I also express my deep sense of gratitude to thank the Hon'ble Vice Chancellor and Registrar at Assam University Silchar, for their invisible continuous support, granting me the opportunity to take up this research work and for showing immense faith for its successful completion. I would also like to thank the faculties of Department of Mass Communication, Assam University for far sight and important suggestions.

I also take the immense pleasure to express my heartfelt gratitude to Prof. Pradeep Mathur, IIMC, New Delhi. Prof. B. Das, Jamia Milia Islamia, New Delhi, Prof. Sanjeev Bhanawat, University of Rajasthan, Jaipur, Prof. Sudhir Gawane, Baba Saheb Ambedkar University, Aurangabad, Prof. Subhash Dhulia, Vice Chancellor, Uttrakhand Open University, Haldwani (Nainital), Prof. Anil Kumar Upadhyay, Mahatma Gandhi Kashi Vidyapeeth, Varanasi, Prof. Manoj Dayal, GJUS&T, Hissar, Prof. Bandana Pandey, GJUS&T, Hissar, Prof. Hemant Joshi, IIMC, New Delhi, Prof. Deepak Shinde, SRT Marathwada University, Nanded, Prof. Ehtesham Ahmed Khan MANUU, Hyderabad, Dr. O.P. Dewal, Associate Professor, IGNOU, New Delhi, Dr. Mohammad Fariyad, MANUU, Hyderabad for their encouragements and inspirations.

I also express my deep sense of special thanks to Prof. A.K. Tyagi, Vice Chancellor, Prof. Pushplata Tripathi Pro Vice Chancellor, Prof. Anup S. Beniwal, Dean, Mr. Rajiv kale, Registrar, Dr. Durgesh Tripathi, Assistant Professor, Dr. Sachin Bharti, Assistant Professor, Dr. Kavita Koli and Mr. Riyaz Arshad Nazish at my work place i.e. University School of Mass Communication, GGSIP University, New Delhi, who were the constant source of encouragement and support at every step and gave their critical suggestions for the development of this thesis.

Information and Ideas gathered from various books, publications, research papers and web sites are used for a comprehensive study and to compile the data. Though all the contributions have been duly acknowledged, some may have been missed out unintentionally or due to inability to locate the sources. I would be pleased to acknowledge the same if these instances are brought to my notice. This research project could not have been completed without the valuable guidance and support of a number of professionals,

subject experts and all of whom have helped in their own inimitable ways. As I am not in a position to thank all the respondents from the different parts of New Delhi by name, but their full co-operation given to me is highly appreciated. I wish to express my sincere gratitude and appreciation to each of them.

Last, but not the least, I would like to thank my parents, family and friends for their constant encouragement and support. It is their support and confidence which enabled me to overcome all the obstacles in achieving my goals.
