

ACKNOWLEDGEMENT

During the course of my study, I received help and support from various quarters. It gives me immense pleasure in recording my deep sense of gratitude to Dr. B.S. Gunjal, Reader, Department of Social Work, Assam University, Silchar, under whose supervision I completed this thesis entitled 'An Evaluation of Reproductive and Child Health Programme in Assam with special reference to Barak Valley'. His keen insight and amazing perspicacity, not only guided me at various stages of my study, but also gave me immeasurable moral and intellectual support.

I heartily thank Prof. Gopalji Mishra, Head, Department of Social Work, Assam University, Silchar for his continued and priceless support and advice. I also very much thankful to all other faculties especially Dr, Subhabrata Dutta and Mr. Gangabushan for their help and advice during my study. My very special thanks are due to all other staff and students of Social Work for encouraging me.

Particular acknowledgement is made to the all the in-charge and other staff of Primary Health Centres, I have visited for their valuable time and efforts extended to me and providing all the required information needed for the study.

Thanks are extended to all my friends, colleagues and seniors, who have motivated and encouraged me at every stage to sustain my continued interest.

Last, but not the least my special gratitude is due to my mother and all other family members whose enthusiasm and encouragement kept me at my work.
