

LIST OF TABLES

TABLE No.	Title	Page No.
Table 1.1	Population of Manipur	2
Table 1.2	Ranking of District by Population size in Manipur	3
Table 1.3	Age-specific death rates (per 1000) of elderly population by sex and residence in India. 2008	16
Table 1.4	Number of persons aged 60 years and above reporting chronic disease (per 1,000 persons) by sex	17
Table 1.5	North-Eastern India elderly populations (60+) 2001	18
Table 1.6	Comparative 60+ Populations in 10 Age-Groups in Manipur (1991-2001)	19
Table 1.7	Above 60 populations by 5-year Age Groups & Gender: Manipur (1991-2001)	19
Table 1.8	Manipur-Work Participation Rate in Aged Population. 2001	20
Table 1.9	Population of elderly in Imphal west in comparison with rural and urban	21
Table 3.1	Population of elderly in Imphal-West in comparison with rural and urban area	61
Table 3.2	Areas	66
Table 3.3	Inter-Correlations among Different Areas of Adjustment	66
Table 3.4	Odd-even Co-efficient of Correlation of Old-age Adjustment Inventory(N=100)	68
Table 3.5	Test-retest Co-efficient of Correlation of Old-age Adjustment Inventory (N=100)	68
Table 3.6	Correlation between the Scores on Adjustment and Those on Self-Concept, Ego strength and Anxiety (N=100) df = 98	69
Table 3.7	Comparisons between Mean Values of High and Low Adjustment Groups	70
Table 3.8	The Percentile Norms for Male Subjects who are in Service or Business (N=150), Area wise and in Terms of Overall Adjustment	71

Table 3.9	The Percentile Norms for the Male Subjects who are leading a Retired Life in Six Areas (Health, Home, Social, Marital, Emotional, and Financial) separately	72
Table 3.10	The percentile norms for the female subjects who are exclusively House-wives and some retired from service, in respect of six areas of adjustment	72
Table 3.11	The percentile norms for the female subjects who are in service in respect of six areas of adjustment	73
Table 4.1	Age in group for elderly in relation to sex of elderly	81
Table 4.2	Religion and marital status of elderly	82
Table 4.3	Education level in comparison with sex of elderly	83
Table 4.4	Group-wise distribution of Mean \pm SD of domain scores	88
Table 4.4 (a)	Results of the test of equality of group means	88
Table 4.5	Pooled Within-Groups Matrices table	89
Table 4.6	Log Determinants table	90
Table 4.7	Box's M test result table	90
Table 4.8	Eigenvalues table	90
Table 4.9	Wilks' Lambda table	91
Table 4.10	Standardized Canonical Discriminant Function Coefficients	92
Table 4.11	Structure Matrix table	92
Table 4.12	Canonical Discriminant Function Coefficients (Unstandardized coefficients)	93
Table 4.13	Types of health services availed by elderly	102
Table 4.14	Distribution of Mean & Standard deviation (SD) of total score with respect to bad habit & health problem	104
Table 4.15	Habit of saving	106
Table 4.16	Spend less in spite of having money	112
Table 4.17	Perception of the elderly towards children in fulfilling their requirements.	112
Table 4.18	Limited personal income	113
Table 4.19	Part time job to have earning	114

Table 4.20	If economically prosperous, children will remain under control	114
Table 4.21	Society respect elderly of being aged	116
Table 4.22	Decrease in social circle	117
Table 4.23	Interest in persons decreased after retirement	119
Table 4.24	Elderly like to pass time playing with family children	120
Table 4.25	Elderly getting anger on one self	122
Table 4.26	Fear of accidents due to growing old	123
Table 4.27	Problem solving of family members	126
Table 4.28	Elderly are able to spend time joyfully at house	126
Table 4.29	Relationship deteriorate between spouse due to growing age	129
Table 4.30	Type of family	132
Table 4.31	Primary care taker of elderly	132
Table 4.32	Distribution of Mean & Standard deviation (SD) of total score with respect to types of problems & nature of assistance received	135
Table 4.33	Distribution of Mean & Standard deviation (SD) of total score with respect to retirement & pension benefit	138
Table 4.34	Distribution of Mean & Standard deviation (SD) of total score with respect to awareness of Gov., & NGOs programs	140
Table 4.35	Distribution of Mean & Standard deviation (SD) of total score with Respect to perception towards OAH & awareness of social work intervention	142
Table 4.36	Distribution of Mean & Standard deviation (SD) of total score with respect to care taker's problems to deal elder	146
Table 4.37	Distribution of Mean & Standard deviation (SD) of total score with respect to care taker's inclination to OAH & social stigma	148
Table 4.38	Distribution of Mean & Standard deviation (SD) of total score with respect to Care taker's knowledge, availing benefit of program for the elders	149

Table 4.39	Beneficiaries of elderly under NSAP, MOAP and Annapurna Scheme 2010-2011	168
Table 4.40	Numbers of beneficiaries 2010-11	172
Table 4.41	Area of operation	177
Table 4.42	Programs of elderly	179
