

LIST OF TABLES

Table Sl. No.	TITLE OF THE TABLE	Page No.
1.	SWOT Analysis of TSC Program	26
2.	Sanitation cost ladder for conventional and ecological sanitation systems	49
3.	Birbhum District: Some Major Demographic Statistics at a Glance	115
4.	Current Scenario of Sanitation in Birbhum District: Some Key Statistics	116
5.	Framework of data-collection as well as data-analysis	121
6.	Summary of 'F' test (ANOVA): Difference in the level of awareness about the basic sanitation practices among Women (Block-wise)	124
7.	Summary of 'F' test (ANOVA): Difference in the level of awareness about the basic sanitation practices among Women (Educational Status-wise)	125
8.	Summary of 'F' test (ANOVA): Difference in the level of awareness about the basic sanitation practices among Women (Caste-wise)	127
9.	't'-Test Result: Difference in the level of awareness about the basic sanitation practices (Family Economy-wise)	129
10.	't'-Test Result: Difference in the level of awareness about the basic sanitation practices (Age-wise)	130
11.	't'-Test Result: Difference in the level of awareness regarding basic sanitation practices (Marital Status-wise)	131
12.	Usage of Sanitary Latrine among Selected Women	135
13.	Prevalence of Diseases among women in last 2 years as a consequence of NOT using Sanitary Latrine	136
14.	Women practicing open-defecation: A Comparison on the basis of age-group	137
15.	Block-wise Comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine	138
16.	Educational-level wise comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine	139
17.	Caste-wise Comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine	140
18.	Comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine Based on their family-economy	141
19.	Comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine Based on their Marital Status	142
20.	FGD Session – 1: Conducted 50 Women (randomly chosen from the sample) of Bolpur-Sriniketan Block	146/147
21.	FGD Session – 2: Conducted among 50 Male members from the same households of Bolpur-Sriniketan Block	147
22.	FGD Session – 3: Conducted among 50 Women (randomly chosen from the sample) of Nanoor Block	148
23.	FGD Session – 4: Conducted among 50 Male members from the same households of Nanoor Block	148
24.	FGD Session – 5: Conducted among 50 Women (randomly chosen from the sample) of Labpur Block	149
25.	FGD Session – 6: Conducted among 50 Male members from the same households of Labpur Block	150

26.	FGD Session -1: Responses Received from Gram Panchayat Officials in the Context of Factors Affecting Success of Rural Sanitation	158
27.	FGD Session -2: Responses Received from Block Officials in the Context of Factors Affecting Success of Rural Sanitation	159/160
28.	FGD Session -3: Responses Received from Volunteers/Social Workers associated with NGOs/ VOs/CSOs in the Context of Factors Affecting Success of Rural Sanitation	160/161
29.	FGD Session – 4: Responses Received from Volunteers/Social Workers associated with NGOs/ VOs/CSOs in the Context of Factors Affecting Success of Rural Sanitation	161/162
30.	FGD Session -5: Responses Received from Gram Saba members in the Context of Factors Affecting Success of Rural Sanitation	163/164
31.	FGD Session – 6: Responses Received from Village Resource Persons/Community leaders in the Context of Factors Affecting Success of Rural Sanitation	164/165
32.	Factors Affecting Success of Rural Sanitation Programmes	165-169
33.	Major Barriers to Progress of Sanitation	172/173

<u>LIST OF FIGURES</u>		
Figure Sl. No.	TITLE OF THE FIGURE	Page No.
1.	Improved sanitation coverage by wealth quintiles in 38 developing countries	4
2.	Households Not Having Latrine in India: A Comparison between 2011 & 2001 Census	13
3.	Rural Sanitation Coverage in India	17
4.	Year-wise Achievement in Construction of School Toilets	18
5.	Year-wise Nirmal Gram Puraskar Achievement	19
6.	Menu of Technology Options	20
7.	Total Sanitation Campaign (TSC) Delivery Structure	21
8.	Year-wise APL Toilets Constructed	22
9.	TSC Fiscal Year-wise Budget Allocated (in crores)	23
10.	Mean Difference (Block Wise)	124
11.	Mean Difference (Educational Status-Wise)	126
12.	Mean Difference (Caste Wise)	128
13.	Comparison of level of awareness about the basic sanitation practices between Women belonging to APL and BPL Families	129
14.	Comparison showing level of awareness about the basic sanitation practices between women of lower and higher age groups	130
15.	Showing Comparison between married and unmarried in respect to level of awareness about the basic sanitation practices	131
16.	Usage of Sanitary Latrine among Selected Women	135
17.	Prevalence of Diseases among women in last 2 years as a consequence of NOT using Sanitary Latrine	136
18.	Women practicing open-defecation: A Comparison on the basis of age-group	137

19.	Vulnerability towards soil transmitted diseases among women practicing open-defecation: A Comparison on the basis of age-group	138
20.	Women Practicing Open-defecation i.e. Not Using Sanitary Latrine (Block-wise)	139
21.	Educational-level wise comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine	140
22.	Caste-wise Comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine	141
23.	Comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine Based on their family-economy	142
24.	Comparison among Women Practicing Open-defecation i.e. Not Using Sanitary Latrine Based on their Marital Status	143

LIST OF BOXES

Box Sl. No.	TITLE OF THE BOX	Page No.
1.	Some Alarming Statistics on Sanitation: The Current Scenario	5
2.	Some Recent Global Commitments towards Promoting Sanitation: At A Glance	9
3.	Status of Sanitation in India: The Current Scenario at a Glance	10
4.	Financial Incentives under Nirmal Gram Puraskar (NGP)	16

LIST OF MAPS

Map Sl. No.	TITLE OF THE MAP	Page No.
1.	Improved Sanitation Coverage across the Globe in 2006	6
2.	Improved Urban Sanitation Coverage across the Globe in 2006	6
3.	Improved Rural Sanitation Coverage across the Globe in 2006	7
4.	Birbhum District	114

DIAGRAMS

1.	Framework Showing How the 300 Key Respondents were selected for this Study	119
2.	A Model for implementation of sanitation-promoting initiatives	176-178
